

**THE MARINE CORPS BIRTHDAY BALL** | A tradition celebrated throughout the history of the Corps. The United States Marine Corps' birthday is celebrated every year on November 10<sup>th</sup> with a traditional ball and cake-cutting ceremony. On that day in 1775, the Continental Marines was established. The ball is important to Marines and the night is about honoring the Marine Corps and its accomplishments; but, it also builds camaraderie among peers. The ball is to celebrate the Marine Corps' history and traditions – it shows where these soldiers started, where they are now, and where they are going.

Guests look sharp and elegant among the pomp and pageantry. Extensively experienced in catering and hosting military events, Taylors was right there with our troops in Iraq to provide a jubilant atmosphere, exceptional service and delicious food to wish the Marines a happy 240<sup>th</sup> birthday.

*When life hands you lemons, make butterflies!* Taylors is artfully experienced in sculpting and carving festive and unusual décor. A block of ice is carved into a sculpture of an oil derrick or a scrumptious celebration confectionary (aka cake) resembles a marine vessel. Taylors builds amazing table centerpieces and swiftly turns pineapples, tomatoes and honeydew melons into versatile works of art. Hand our crew a block of Styrofoam and it is suddenly transformed into a breathtaking entryway with an air of elegance and mystique to welcome military guests on this special evening so very far away from home.
